

# CHANGE IN LIFESTYLE DURING COVID-19...

**COVID-19** Pandemic has altered our routine & lifestyles. A new way of living has emerged.

HERE ARE A FEW GLIMPSE ....

Siddhi Marathe 11<sup>th</sup> B

# FACE MASK ARE THE NEW NORMAL...

1. Mask cut the risk of the virus transmission beside protecting others.
2. Mask is our new accessory while stepping out.
3. It is Mandatory to use mask  
& people are getting use to it.

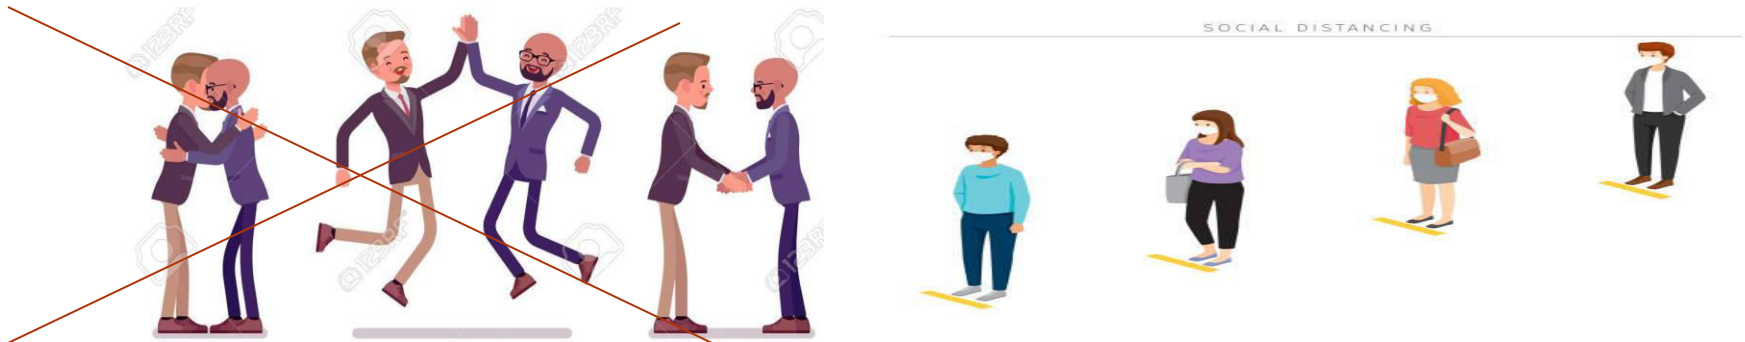

## WASHING/SANITIZING HANDS FREQUENTLY...

1. Germs spread from surfaces to people we touch ; people never forget to sanitize things before use.
2. Those who have pets need to take special precautions about feeding them.

# SOCIAL DISTANCING HAS NOW BECOME PART OF LIFE...

1. **No** more handshake, hugs & high-fives...people are switching to verbal greetings.

2. It helps limit opportunities to come in contact with infected person outside the home.

# WORK FROM HOME...

1. Better work-life balance with less commute stress.
2. One of the major change is **WORK FROM HOME** & students online classes at home.
3. So that ,we can spend more quality time with our family

# OUTSIDE FOOD BIG NO !!!

1. Everyone has now become chef ; Trying restaurant style dishes at home.
2. People are now skilled with household chores.
3. Ordering food is not much safe than cooking by ourselves.
