PANDEMIC HAS
ALTERED OUR
ROUTINES AND
LIFESTYLES.
A NEW WAY OF
LIVING HAS
EMERGED. HERE
ARE A FEW
GLIMPSES.

PEOPLE ARE NOW HABITUAL OF.....

- Washing/sanitizing hands
Frequently.....

THEY NEVER FORGET TO SANITIZE THINGS BEFORE USE...

MASK IS OUR NEW ACCESSORY WHILE STEPPING OUT ...

IT IS MANDATORY TO USE MASK AND
PEOPLE ARE GETTING USED TO IT.

SOCIAL DISTANCING HAS NOW BECOME PART OF LIFE..

KEY TIMES to Practice Social Distancing

Inside your home when someone has, or thinks they have, COVID-19

If possible, stay at least 6 feet away.

Outside your home

Stay at least 6 feet away from people outside of your household in indoor / outdoor spaces. Stay out of crowded places if possible.
